---

Your Men's Club has provided the best events in Stonebridge over the last two years during the Covid pandemic. Whether our numerous Zoom sessions, or in-person events from the Holiday Event in December 2021 to our baseball speaker Mark Feinsand last month, the safety of our members has been paramount.

We are taking the same approach with one of our finest events of the year, our upcoming May 21st Breakfast Buffet and Comedian Mike Marino. We want to make clear to attendees that:

- Members will **not** serve themselves at the buffet. They will be served by fellow members, all of whom will be wearing masks and gloves.
- Masks are strongly encouraged except while eating.
- Tables of 8 will be arranged, but there will be numerous extra tables set up for those who want fewer people per table.
- The spacious clubhouse ballroom has the capacity for *six times* the number of people who will be attending.

In summary:

Be vaccinated

Be boosted

Be masked and

Be ready to have a good time.
