

2024 PROGRAMS

January began when local expert John Katerba related the history of Monroe Township. In February we enjoyed Motown, Doo-Wop and Rock sounds from Jerry Spathis. Kicking off spring, we heard how Jim Bouton changed the popular outlook about baseball players. April's annual breakfast was accompanied by the life, time and sounds of Simon and Garfunkel. In May we heard about the romance and tribulations of the American cowboy. Our own Trivia host, Roy Cohen, challenged our intellect at our June sub supper. In July, we learned about the legends who played at Harlem's historic Apollo theatre. August was a busy month when our annual golf tournament, with 80 players, raised thousands for local charities and the annual trip was made to a Yankee/Met farm team game. Another tradition led to 50+ members visiting Freehold Raceway for lunch and gaming in September. The Jersey Devil folklore, scary to all NJ residents, climaxed September. The annual 'Octoberfeast' BYOB celebration was accompanied by clips from comedic legends. In early December we held the annual holiday dinner and were entertained by a Don Rickles presentation.
